A MESSAGE FROM THE SUPERINTENDENT ...

As the 2022-2023 school year approaches, it is with great anticipation that we look forward to the many opportunities ahead for our students. I hope you had a summer break filled with fun, relaxation, and exciting memories with friends and loved ones.

Much work has been done by the administrative, custodial, maintenance, secretarial, and transportation staff to be prepared for the arrival of students. All of the work that has been done does not go without notice and we must remember that it is only possible due to the very supportive community we serve.

Our goals for the year will continue to include developing highly engaging lessons, increase student achievement through strong instructional practices, and expand our meaningful use of technology.

The staff of highly qualified professional educators and support staff remain committed to providing your children with many opportunities and we encourage a high level of parental involvement. Please stay in contact to seek ways to be more involved. I encourage you to stay current on FinalForms and visit our website (www.bellefontaine.k12.oh.us) on a regular basis for announcements, district efforts, news, and upcoming events. Also, please follow us on Facebook. Search for Bellefontaine City Schools @bcschiefs for the official page.

On behalf of those who serve on our Board of Education and the dedicated staff who serve the students and community on a daily basis, it is my privilege to welcome you back! I look forward to the work ahead and a great 2022-2023 school year!

Brad Hall
Superintendent
Bellefontaine City Schools

Access To School Records - The Ohio Privacy Act

The Ohio Revised Code 149.43 provides that any record kept by any public office including a school district is a public record which must be open to the public at all reasonable times for inspection. Excepted from this requirement are medical records security records infrastructure records records pertaining to adoption probation parole proceedings attempts by unmarried minors to seek court permission for abortion trial preparation records confidential law enforcement investigatory records confidential investigatory records of the Ohio Civil Rights Commission peace officer residential and financial information records pertaining to the recreational activities of a minor and records the release of which is prohibited by state or federal law including "trade secrets." The law requires further that any person having custody of public records must upon request make available copies of such records at cost and within a reasonable period of time.

As a general rule the right of access to public records is subject only to the limitation that the proposed inspection does not endanger the safety of the record or unreasonably interfere with the operation of the office having custody of the record. A person cannot be required to establish a proper purpose or any purpose for a public records request. Access to public records must be allowed even if they have been put on microfilm computer disks or videotape.

Special rules apply in the case of student records. Although teachers principals and superintendents are required by law to maintain certain records regarding pupils in their care a separate statute prohibits the release of personally identifiable student information except in certain specified circumstances. The parent or guardian of a pupil or if the pupil is over eighteen the pupil himself may authorize the release of any information in student personnel records by giving his or her written consent. Without such consent a school may release only "directory information" with regard to a particular pupil. "Directory Information" includes a pupil's name address telephone number date of birth place of birth major field of study dates of attendance date of graduation sports and activities participated in and in the case of athletic team members the height and weight of the pupil. The administrative use of student records is not restricted. On the other hand no personally identifiable information whatever may be released where a commercial use is intended. Finally except for directory information any student information released may be released only on the condition that no third party is to receive such information without first obtaining the written consent of the parent or the student if he is over eighteen.

Student records are also subject to the provisions of federal law and regulations of the Department of Education. The federal statute governing student records is much more extensive than the Ohio law and applies to any educational agency receiving federal funds. Taken from "Anderson's Ohio School Law Guide 2003-04 Vol. 1"

BELLEFONTAINE CITY SCHOOLS

BUS POLICIES FOR STUDENTS

SAFETY AT ALL TIMES IS THE MOST IMPORTANT FACTOR TO BE CONSIDERED IN SCHOOL TRANSPORTATION. The bus driver needs full attention to the handling of his/her bus on the highway and through busy traffic. Good order is thus essential. **THE DRIVER IS IN CHARGE TO MAINTAIN PROPER CONDUCT.**

All students in our school system who ride a bus to and/or from school are subject to regulations until they get off at their school or the bus stop near their home. These regulations have been developed to insure that all children may be delivered to school and returned home in a safe manner. It is incumbent upon parents as well as upon students and bus drivers to cooperate to the fullest in the administration of these regulations. Students riding the school bus for athletic purposes field trips or other extracurricular activities are also expected to follow these regulations.

PUPILS ARE TO DILIGENTLY OBSERVE THE FOLLOWING REGULATIONS

Pupil management policy includes all student conduct codes of regulations (Section 5500 of the Board of Education Policy) in addition to the following bus regulations:

1. Pupils shall arrive at the bus stop before the bus is scheduled to arrive.
2. Pupils must wait at the designated place of safety until the bus driver signals for students to board the bus.
3. After getting off the bus students are required to go to their designated place of safety until the bus leaves the bus stop.
4. Behavior at the school bus stop must not threaten life limb or property of any individual.
5. Pupils must go directly to an available or assigned seat when boarding so the bus may safely resume motion.
6. Pupils must remain seated keeping aisles and exits clear.
7. Pupils must observe classroom conduct and obey the driver promptly and respectfully.
8. Pupils must refrain from eating drinking chewing gum or having other objects in their mouths while riding on the bus except as required for medical reasons. This state law is mandated to help prevent choking while on the bus.
9. Pupils must not throw or pass objects on from or into the bus.
10. Pupils may carry on the bus only objects that can be held in their laps (see paragraph (1) of rule 3301-83-20 of the Administrative Code). The carrying of glass containers balloons animals or pets and flammable or explosive materials onto the bus is prohibited.
11. Pupils must leave or board the bus at the locations to which they have been assigned unless they have parental and administrative authorization to do otherwise.
12. Pupils must not put their head or arms out of the bus windows.
13. Guidelines will be formulated for the use and storage of equipment and other means of assistance required by pupils with handicapping conditions.
14. Proper steps will be taken to collect store and use medical information related to pupils known to have medical problems which may require driver attention.

IDENTIFICATION OF GIFTED STUDENTS COMPLIANCE NOTIFICATION

This notification is in compliance with the State Department of Education's expectations for gifted education. The Bellefontaine City School District assures equal access to screening and further assessment for all district students including culturally and linguistically diverse children from low socio-economic backgrounds children with disabilities and children for whom English is a second language.

"Gifted" refers to students who perform or show potential for performing at remarkably high levels of accomplishment when compared to others in their age experience or environment. These students are identified in one or more of the four areas specified in Ohio Administrative Code 3301-51-15 A through C: superior cognitive ability; specific academic ability; creative thinking ability; visual or performing arts ability.

THE BELLEFONTAINE CITY SCHOOL DISTRICT ANNUALLY SCREENS AND ASSESSES STUDENTS IN KINDERGARTEN THROUGH TWELFTH GRADE TO IDENTIFY THOSE STUDENTS WHO FALL WITHIN THE GIFTED RANGE. WHOLE-GRADE STANDARDIZED TESTING IS GIVEN IN GRADES TWO AND FIVE. THIS TESTING SERVES AS A SCREENING AND/OR IDENTIFICATION INSTRUMENT AND ASSISTS IN THE IDENTIFICATION PROCESS. A REPORT IS SENT TO ALL PARENTS OF STUDENTS INVOLVED IN THE ASSESSMENT PHASE OF SCREENING. THE REPORT PROVIDES NOTIFICATION ONCE IDENTIFICATION PROCEDURES ARE COMPLETED. GUIDELINES FOR SCREENING AND IDENTIFICATION CRITERIA ARE CONTAINED IN THE DISTRICT POLICY AND PLAN BROCHURE ENTITLED IDENTIFICATION OF CHILDREN WHO ARE GIFTED. COPIES OF THIS BROCHURE ARE AVAILABLE IN THE OFFICE OF EACH SCHOOL AND THE BOARD OF EDUCATION OFFICE.

SEARCH FOR CHILDREN WITH DISABILITIES UNDERWAY

Bellefontaine City School District Logan County Ohio

The Bellefontaine City School District is participating in an effort to identify locate and evaluate all children from birth through twenty-one (21) years of age who may have disabilities. Disability in this instance means such conditions as hearing impairments visual impairments specific learning disabilities behavioral disabilities developmental disabilities speech and language disabilities orthopedic and other health disabilities caused by such conditions as epilepsy or cardiac illness and other severe or multiple disabilities. Although many school-aged disabled children are identified and currently being served by the Bellefontaine City School District preschool children ages three to five with disabilities may be unidentified because parents may not be aware that programs and services are now available through the public schools. Community members can help us with this important effort. If you know of a child in our district with a disability that is not presently attending school or receiving services from another agency please contact Brad Hall Superintendent 937-593-9060.
